

# Gentlemen's ATLAS

*A private atlas of the world's great houses*

PARTNER INTRODUCTION · 2026

PARIS · LONDON · NEW YORK · TOKYO · DUBAI

GENTLEMENSATLAS.COM

# Not a directory. *A private atlas.*

The palace hotels, great tables, legendary bars and private clubs of the world's great cities, kept deliberately short and never for sale.

### Chosen, never sold

Every house is chosen by our editors. Placement can be bought; our selection cannot.

### Checked, not crowd-written

Verified against the references that matter, from the Michelin Guide to The World's 50 Best Bars.

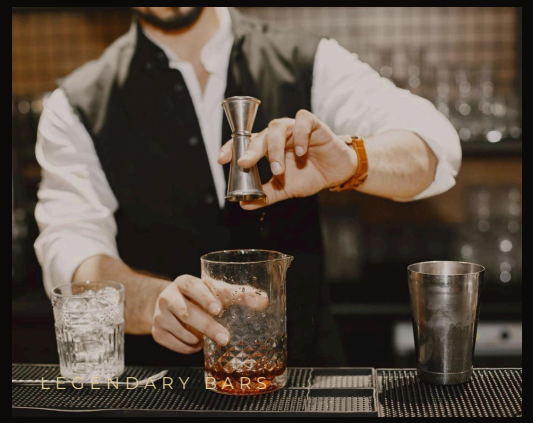

### Written for two

The finest evenings are often chosen by a woman. The Atlas speaks to her as much as to him.

### Discreet by design

No noise, no banners, no crowd reviews. The Atlas opens in ten languages and is built to be found when guests search.

II · FOR THE HOUSES

# Your house, *in full*

*i* Your own photography and film

The page opens with your images, not ours.

*ii* A note from the house

In your own words, with your booking link beside it.

*iii* First place in your city

At the head of your category, in a discreet partner frame.

*iv* Direct requests from readers

Tables, rooms, tee times and membership enquiries, sent straight to you.

*v* A monthly report

Visits and requests, simply reported.

## The first *90 days* are on us

For the first houses in each city and category: no card, no commitment. Afterwards, stay on, or simply keep your free listing.

III · HOW TO BEGIN
